2026 CMS Burden Reduction CONFERENCE

The Centers for Medicare & Medicaid Services (CMS) is pleased to announce the **2026 CMS Burden Reduction Conference** taking place **February 25, 2026**, from **9:00 a.m. to 1:00 p.m. ET**. This year's conference will be a **hybrid event**, with in-person programming at the **Hubert H. Humphrey (HHH) Building** in Washington, DC, and a fully supported **virtual option** for remote attendees. In-person attendance will be limited due to space.

Building on insights and successes from the [2023 and 2024 Optimizing Healthcare Delivery conferences](#), this year's event will convene change makers from the healthcare community and federal government to share new ideas, lessons learned, and best practices aimed at increasing transparency, transforming chronic care, and empowering clinicians and patients through the use of Artificial Intelligence.

More details—including session topics and speaker announcements—will be shared soon.

You will receive an additional email when registration opens.

Sincerely,

The CMS Burden Reduction Conference Team
