

The **Medicare Part D Claims Data 340B Repository** (“340B repository”) is now live and available for voluntary data submissions. The 340B repository allows covered entities, third-party administrators (TPAs), and other partners to submit certain data elements from Part D 340B claims directly to CMS under the Part D Drug Inflation Rebate Program.

The Medicare Part D Claims Data 340B Repository Help Desk is also available to assist covered entities, TPAs, and other partners with questions about account creation, data submissions, and system navigation. For assistance, contact the help desk:
